

ALL ABOUT THE TEACHER

This is my fifth year teaching kindergarten dual language English!

I have my Bachelors degree in Elementary Education and History from Monmouth University and I am currently studying for my Masters degree in Early Childhood Education.

A few things I like to do when I am not at school are paint my nails, eat Chipotle, and go to the beach.

I am thrilled to begin this school year as we make our way back to the building after virtual learning! I am committed to ensuring every single student has a positive kindergarten experience filled with academic, social, and emotional growth. Let's make this a great year!
