PURPOSE

The Perth Amboy Public Schools (PAPS) Code of Student Conduct was developed with the goal of providing a fair, equitable, and understandable policy for student conduct and behavior expectations whose ultimate intent is to provide equal access to a wide range of supports that promote positive behavior, help students develop self-regulation, and nurture positive social-emotional interactions among all members of the school community. It is the expectation that this document will establish common guidelines, set protocols, institute procedures, and foster supportive practices that will best support students and allow them access to an education system that is a safe, secure, civil, and caring environment.

The PAPS Code of Student Conduct shall be applied without regard to race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or by any other distinguishing characteristic. The Code of Student Conduct also applies to all students at all times, on all Perth Amboy Public Schools property, buildings, buses and grounds. It also extends to all school-related, or district sponsored activities, including, but not limited to, school field trips and school sporting events, regardless if these activities are held on school property or at off-district locations.

In accordance with the New Jersey State Department of Education and the requirements of N.J.A.C. 6A:16-7.1, the Code of Student Conduct shall:

- Foster the health, safety and social and emotional well-being of students.
- Support the establishment and maintenance of civil, safe, secure, supportive and disciplined school environments conducive to learning.
- Promote achievement at high academic levels.
- Prevent the occurrence of problem behaviors.
- Establish parameters for the Behavioral Supports and remediation of student problem behaviors at all stages of identification.
- Establish parameters for school responses to violations of the Code of Student Conduct that take into account, at least, severity of behaviors, ages of student offenders and students' histories of inappropriate behaviors, in accordance with N.J.A.C. 6A:16-7.2 through 5 and 7.6.

BELIEFS

The PAPS Code of Student Conduct is based on the following beliefs about children, learning, and behavior:

1. All students are capable of achieving high levels of success with the proper guidance and support.
2. Each student is unique and each student may need differentiated attention and supports to help them achieve at high levels, succeed academically, and behave responsibly.
3. Behavioral Responses and Behavioral Supports enable students to self-regulate, self-reflect, problem solve, make amends, learn new behaviors, and restore their good standing.
4. Effective Behavior Management occurs when the teacher and student interact together, talk to each other build rapport and develop trust. When this happens, most problems can be solved within the classroom.
5. Parents/Guardians are partners with the school and will be made aware of issues in need of resolution when appropriate and are encouraged to share any situations that may affect a child's behavior or general academic performance.

PROVISIONS FOR STUDENTS WITH A DISABILITY

Additional steps pursuant to N.J.A.C. 6A:14 must be taken when students with disabilities, including those with IEP's and Section 504 Plans, are disciplined.

Administrators and/or designee shall review our students' 504 Plans, Individual Education Plans (IEPs), and/or Behavioral Plans; and, consult with the Director of Special Services or designee or with the Director of School Counseling & Related Services before applying the Student Code of Conduct as prescribed in this document.

STUDENT ATTENDANCE

In accordance with district policy (5200) and state policy (N.J.S.A. 18A:38-25) school administrators have an obligation under state law to enforce compulsory school attendance. Truancy and chronic absenteeism will also be addressed accordingly.

If a student in any grade engages in behavior detrimental to the wellbeing of the school and/or in pervasive or serious aggressive acts that cause injury or threaten the safety or security of others, or engage in prohibited or illegal acts, the Superintendent or his Designee can determine the most appropriate Behavioral Support and issue further consequences, including an out-of-school suspension or expulsion.
