Caring for Our Most Valuable Resources

What's Happening?

To save funds, we are initiating a comprehensive energy conservation program that will bring great financial and environmental benefits to **Perth Amboy Public Schools**.

To implement this important program, we are searching for an **Energy Specialist** — who will be hired and trained by our partner, **Cenergistic®**.

Here are some important things to know about the program and the Energy Specialist position:

- *It is self-funding — no new budgeted funds are required to pay for this position or program*
- *It is year-around*
- *It is a full-time position.*
- *It is visible — we anticipate regular board presentations and public communications*
- *It improves comfort and saves money*
- *It requires no prior technical or mechanical knowledge — just a willingness to learn*
- *Cenergistic employee*

Qualifications

- Good judgment
- Excellent time management skills – a self-starter
- Enthusiastic about working with others
- Above-average computer skills
- A passion for conservation and learning
- Work is performed in an office (20%) and on our campuses (80%)
- Commitment to work irregular hours (nights, weekends and holidays)
- Want to make a difference!

Interested?
