Dear Families and Students,

Perth Amboy High School is dedicated to the continuity of instruction, especially when emergent conditions require alternate plans. In the event of an extended school closure, PAHS will institute remote learning so that instruction may continue while students are unable to attend school due to campus closure.

All teachers have posted materials for students in their Google classrooms. Students should complete assignments as they are posted. These assignments will be reviewed and graded by their teachers. If students have any questions regarding their assignments, they should contact their teacher via e-mail. Below is a list of guidelines students should follow as it relates to remote learning:

- Dedicate appropriate time to learning, as guided by your teachers.
- Check appropriate Google Classrooms and emails for information on courses, assignments, and resources, on a daily basis.
- Identify a comfortable and quiet space to study/learn.
- Engage in the virtual school platform with academic honesty.
- Submit all assignments in accordance with provided timelines and/or due dates.
- **Note:** *If remote internet access is required, please visit the public internet access locations listed at the end of this document.*
