Vice Principal

April 4, 2022

Dear Parent,

Our school cares about the well-being of all students and has programs designed to support students' improvement of their social emotional development. To help stay in touch with our students' development and potential social emotional concerns, we will be administering the *SSIS SEL Brief + Mental Health Scales* this school year. There are 3 parts to this assessment:

1. Student assessment: students will answer items about themselves
2. Parent assessment: parents answer items about their child.
3. Teacher assessment: teachers answer items about individual students

The assessments provide information about a student's current functioning levels. The results of the assessments will be used to guide instruction for all students and identify supports for students experiencing emotional behavior concerns. This brief rating scale assessment is not a comprehensive diagnostic measure for classification of difficulties or disorders.

As part of this initiative, you are being asked to complete an assessment about your student(s). All assessments are completed online on any device you have available and take approximately less than 10 minutes to complete. The information that you will need to access the assessment that you will be taking is listed below.

1. You will receive an email from Resonant Education ([support@resonanteducation.com](mailto:support@resonanteducation.com)) on **4/5/2022**.
2. The email will include a direct link to access your assessment. The link will look like this <https://rezed.io/0909090909>.
3. Click the link and you will be taken directly into the assessment. The page will look like this...

## SSIS SEL Brief + Mental Health Scales - Parent K12

0/5

Welcome! As a parent or guardian, you have unique insights about your child's social emotional behavior and wellbeing. Therefore, we value your thoughtful reflections and ratings of their social and emotional wellbeing skills. The results will contribute to a better understanding of your child's social emotional strengths and areas for improvement. Thank you for your time!

All items on this assessment are copyrighted by NCS Pearson and SAIL CoLab, LLC.

*The mission of our Rose M. Lopez Dual Language Elementary School is to foster a learning environment in which the school community is fully vested in developing a dual language program which ensures students are bilingual/bi-literate and enjoy enhanced cognitive skills which advance their academic careers all the while growing their acceptance of multi-cultural societies as they become global citizens.*
