Intro to Dance

Introduccion a la danza

Natalie Rothweiler
natarothweiler@paps.net

My Education Background

- ❖ I graduated from Mason Gross School of the Arts, at Rutgers University in 2018 with a Bachelor of Fine Arts in Dance

- ❖ I graduated from Rutgers Graduate School of Education in 2019 with my Master's in Dance Education

In this class

This is a movement based class. We will be learning different styles of dance such as jazz, ballet, and modern. We will also be learning how to create movement through improvisation and choreography.

Improvisation (improvisación) means the process of spontaneously creating movement

Choreography (coreografía) is the art of creating and arranging dances

Participation

5 points every day they are in class

Participation grades will be posted in Gradebook every day

- 1 point for attire (hair back if applicable, clothes you can move in)
- 2 points or camera being on the entire period
- 2 points for active physical/ group/written participation

Classwork & Homework

Classwork grades will be posted in Gradebook every week

Usually at the end of class there is an assignment worth 5-10 points due the next day we are in class.

Bigger projects and assignments will have more time to complete and more notice.

Tests and Quizzes

There will be Tests and quizzes at the end of a unit, both movement based and/or vocabulary based.

This will be worth more points to make up a larger percent of their grade, and they will know dates well in advance.

I am so excited to be creative with your students!
