Dear Parent(s)/Guardian(s) of an Advanced Placement Student:

Your child is enrolled in at least one Advanced Placement (AP) course and will be scheduled for the corresponding AP Exam during the month of May. Performing well on an AP exam means more than just the successful completion of a class. Most colleges and universities accept successful exam scores for credit and/or advanced placement. The Perth Amboy Board of Education will continue to pay for AP exams for our students enrolled in AP courses. The expectation is that your child will take the AP exam that accompanies the AP course. If a student passes the exam with a score of 4 or 5, most public and private universities will award college credit. The 2021 Advanced Digital testing Application has been installed on each Chromebook of students taking the test, it's strongly recommended for them to use it to practice before the test.

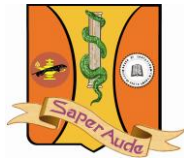

Due to the ongoing pandemic and the fact that schools have virtual and in-person learning, AP exams will be administered in both paper and digital formats, however, this varies based on the class. The AP exam schedule for this school year is set for May 18-27, 2021 and specific exam dates can be found on the attached 2021 AP Exam Schedule. Enclosed with this letter is a chart of when Perth Amboy High School will offer the paper and digital exams in each subject.

If the attached chart says, "Digital/School, or Paper/School" then this exam must be completed in an in-person setting at PAHS. Students will be reporting to school based on the attached times and dates. For the exams that are "Digital, Home" those students may take them at home, or in school, depending on their cohort. Each teacher will review specific requirements for each exam as we approach the AP Exam dates.

Students taking an AP exam will be excused from their classes and assignments on their exam day(s).
