

## **Celebrating Academic Achievement!**

Congratulations to our leader, Dr. Ashanti Holley, on receiving the 2018 Alumni Achiever Award for the Faculty of Education. This award was graciously received from her alma mater, Winston-Salem State University in North Carolina.

Winston-Salem State University prides itself on “produc[ing] graduates who are creative, flexible problem-solvers known for leadership and service,” no surprise to anyone coming into contact with the charismatic Principal of PAPS 9<sup>th</sup> grade program.

In order to win such a prestigious award, Dr. Holley had to be nominated based on accomplishments in her career, service, and community work. Four recipients were chosen by deans from WSSU and presented during Founder’s Day on October 19, 2018.
