The Road Forward COVID-19 – Health and Safety

[See **POLICY ALERT No. 224**]

## 1648.11 THE ROAD FORWARD COVID-19 – HEALTH AND SAFETY

The Board of Education plans to provide full-day, full-time, in-person instruction and operations for the 2021-2022 school year. In June 2021, the New Jersey Department of Health (NJDOH) and the New Jersey Department of Education (NJDOE) worked collaboratively to develop guidance, The Road Forward – Health and Safety Guidance for the 2021-2022 School Year (The Road Forward).

The Road Forward replaces the mandatory anticipated minimum standards outlined in the NJDOE’s “The Road Back – Restart and Recovery Plan for Education” (June 2020) and provides a range of recommendations rather than mandatory standards. These recommendations are meant to assist school districts in implementing protocols to reduce risks to students and staff from COVID-19 while still allowing for full-time learning.

The Board considered many factors as they prepared for the 2021-2022 school year, including the level of COVID-19 transmission in the community at large and in the school community, as well as vaccination coverage rates in both the community at large and the school community.

For the purpose of this Policy, “Order” shall mean any Governor of New Jersey Executive Order, New Jersey State Agency mandate, Centers for Disease Control and Prevention (CDC) guidance, New Jersey statute, or administrative code requiring compliance by the school district.

The Board considered the recommendations outlined in The Road Forward to develop health and safety protocols. The Board will consider all recommended Orders and comply with all mandatory Orders when developing health and safety protocols and reviewing them periodically.

The Board considered the recommendations outlined in The Road Forward to develop the school district’s COVID-19 protocols in the following areas and included in corresponding Appendices:

### The Road Forward COVID-19 –Health and Safety

Pursuant to N.J.S.A. 18A:7F-9, schools must be in session for 180 days to receive State Aid. The statute requires that school facilities be provided for at least 180 days during the school year. N.J.S.A. 18A:7F-9(b) indicates when a school district is required to close the schools of the district for more than three consecutive school days due to a declared state of emergency, declared public health emergency, or a directive and/or recommendation by the appropriate health agency or officer to institute a public health-related closure, days of virtual or remote instruction commensurate with in-person instruction will count toward the school district's 180-day requirement.

The school district may be confronted with the incidence of COVID-19 positive cases among staff and/or students. If the school district is required to exclude a student, group of students, a class, or multiple classes as a result of possible exposure to COVID-19, while the school itself remains open for in-person instruction, the school district may offer virtual or remote instruction to those students in a manner commensurate with in-person instruction to the extent possible. In circumstances when the school facilities remain open and in-person instruction continues in those classrooms that are not required to quarantine, those days in session will also count toward the school district's 180-day requirement in accordance with N.J.S.A. 18A:7F-9.

The school district anticipates updates to The Road Forward and as such this Policy is subject to review by the Superintendent to ensure compliance with Orders that may arise after Board adoption of this Policy. All revisions to Orders affecting this Policy and corresponding Appendices shall be reviewed by the Superintendent with the Board Attorney, School Physician, and Board of Education, if appropriate. The Superintendent may revise the health and safety protocols included in any Appendix as necessary and appropriate. All students, parents, and staff members will be notified of any changes to school district-developed protocols implemented as a result of this Policy, as appropriate.

Adopted: 16 September 2021

### 1648.13 SCHOOL EMPLOYEE VACCINATION REQUIREMENTS

In accordance with Executive Order No. 253 signed by the Governor of New Jersey on August 23, 2021, the Board shall adopt and maintain a policy that requires all covered workers to either provide adequate proof that they have been fully vaccinated or submit to COVID-19 testing at a minimum of one to two times each week.

This requirement shall take effect on October 18, 2021, at which time any covered workers that have not provided adequate proof to the school district that they are fully vaccinated must submit to COVID-19 testing at a minimum of one to two times each week on an ongoing basis until fully vaccinated.

For purposes of Executive Order 253 and this Policy, “covered workers” shall include all individuals employed by the Board of Education, both full and part-time, including, but not limited to, administrators; teachers; educational support professionals; individuals providing food, custodial, and administrative support services; substitute teachers, whether employed directly by the Board of Education or otherwise contracted; contractors; providers; and any other individuals performing work in the school district whose job duties require them to make regular visits to the school district, including volunteers. Covered workers do not include individuals who visit the school district only to provide one-time or limited duration repairs, services, or construction.

A covered worker shall be considered “fully vaccinated” for COVID-19 two weeks or more after they have received the second dose in a two-dose series or two weeks or more after they have received a single-dose vaccine. Individuals will only be considered fully vaccinated after they have received a COVID-19 vaccine that is currently authorized for Emergency Use Authorization (EUA) by the United States Food and Drug Administration (FDA) or the World Health Organization (WHO), or that are approved for use by the same.

Workers who are not fully vaccinated, or for whom vaccination status is unknown, or who have not provided sufficient proof of documentation, shall be considered unvaccinated in accordance with the provisions of Executive Order 253.

### School Employee Vaccination Requirements

If the covered worker is not working on-site in the school district during a week when testing would otherwise be required, the Superintendent or designee may not require the worker to submit to testing for that week. This requirement shall not supplant any requirement imposed by the Board of Education regarding diagnostic testing of symptomatic workers or screening testing of vaccinated workers.

The Board of Education shall track test results required by Executive Order 253 and must report those results to the local public health department.

Nothing in Executive Order 253 and this Policy shall prevent a Board of Education from revising this Policy to include additional or stricter requirements, as long as such revisions comport with the minimum requirements of Executive Order 253.

Executive Order 253 authorizes the Commissioner of the Department of Health (DOH) to issue a directive supplementing the requirements outlined in Executive Order 253, which may include, but not be limited to, any requirements for reporting vaccination and testing data to the DOH. Actions taken by the Commissioner of the DOH pursuant to Executive Order 253 shall not be subject to the requirements of the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq.

This Policy shall be supplemented by Policy 1648.11 – Appendix A, which shall include the school district’s protocols implementing the provisions of this Policy.

The Superintendent is authorized to implement revisions to provisions in this Policy based on any subsequent Executive Orders or any additional mandates that affect any provisions of this Policy. Any such revisions in this Policy shall be submitted by the Superintendent to the Board of Education for ratification if the Board cannot approve such revisions before the effective date.
