B. Board President's Report – Mr. Samuel Lebreault

- Mr. Lebreault provided condolences to those staff members who lost a member of their family during the last month.
- Mr. Lebreault stated that a meeting was held by the Citizens Campaign at City Hall regarding Hurricane Sandy and lessons learned from the storm. Discussion centered on how to move forward to protect our City in the event that a disaster like this happens again. Mr. Lebreault thanked Mr. Jess for having the districts architect attend and participate in this session. It was very good that our Board was represented by our professional, who has been doing a very good job for the Board of Education.
- Mr. Lebreault spoke about a meeting that was recently held with City Council Members Lisa Nanton and Joel Pabon. The collaboration was good and it will benefit everyone within our city. We're glad that we are able to work together for the betterment of all our residents. It was decided that members from each public body would attend the others meetings, to discuss items that are happening in their respective areas.
- Mr. Lebreault stated that he was recently invited to attend the Shullympics and it was good to see competitive activity amongst our middle school students. The competition was good natured, everyone was into it and a good time was had by the staff and the administration of the Shull School.
- Mr. Lebreault reported that on May 1st, the Board and Dr. Roman agreed on the superintendent's contract. Everything is in place for Dr. Roman to start on July 1, 2015. This approval process took longer than anticipated. The process was the Board Attorney started with a generic contract and the new Superintendent to be and the Board discussed items that should be included in the contract. Once both sides agreed, the contract was sent to the County Superintendent for their review and approval. Because the district was seeking a waiver of the salary, the State also had to approve the waiver and contract. Once the state and county approved the contract, it was returned to the district for the Business Administrator, Board President and Superintendent's signatures.
- Mr. Lebreault stated that the Board is considering the purchase of some additional land around the Patten School to help alleviate traffic concerns. We are working with our engineer to see what can be done to help the school and area.
- The AFT Contract will be placed on tonight's agenda for a vote. Due to Board members being conflicted, since some family members are employed by the district, only Mr. Puccio and Mr. Ortiz will be able to vote on this contract.
- Regarding the Delaney Homes property, Mr. Lebreault reported that the Board is still negotiating for the purchase of that property and as progress is made, the public will be updated.

C. Acting Superintendent's Report – Dr. Vivian C. Rodriguez

- Dr. Rodriguez read a resolution regarding Teacher Appreciation Week, which is from May 4 – 8, 2015. She also read a resolution for National School Nurse Day which is on May 6, 2015.
- Dr. Rodriguez provided a summary of the Summer Programs that will be happening within our district.
- Dr. Rodriguez asked the Board for their consideration on amending the school calendar. As we've used one less snow day this year, we have one day to give back. It is requested that the day to be given back is May 26th. Dr. Rodriguez also stated that the McGinnis School has to make up three days due to the medical emergency that took place in January. Dr. Rodriguez requested that the Board approve three ½ days for the McGinnis School staff which will take place on May 26th, May 30th and June 6th.

- Mr. Jess stated that out of the nine Board members, seven of the Board members are conflicted since they have relatives that are employed by the school district. As such they cannot vote on the contract. Only two people can vote on the contract: Mr. Puccio and Mr. Ortiz.
- Mr. Ortiz stated that he was reluctant to vote yes on the contract because other groups didn't get a seat at the table and it is disrespectful. He's heard from more than a few employees that the AFT Leadership told them that the Board excluded them and that is not true. Perhaps it's a reflection that the AFT voted to have new leadership in place.
- Mr. Puccio stated that we dealt with the AFT in good faith and worked hard to attain this agreement. Mr. Jess and Mr. Stern worked very hard and in all fairness, in an effort to move forward he strongly recommends approving it.

16. New Business (continued)

- Mr. Varela asked what will happen to those people who observe a religious holiday on Saturdays.
- Mr. Lebreault said that substitutes will probably be brought in for them.
- Mr. Jess stated that he received a letter from the 200 Club of Middlesex County and they will be honoring Mr. Bob Dahill for his part in helping stop a student from committing suicide in October 2014. He will be honored at their luncheon on May 20th.
- Mr. Jess stated that Perth Amboy High School had three art students who received an honorable mention in a recent state-wide art competition:
Camila Castillo
Angel Reyes
Noralie Abreu
- Mr. Lebreault stated that Dr. Rodriguez has been working as Interim and Assistant Superintendent for a while. It's hard to do as you can't be 100% effective in both positions. He thanked her for her service and thanked Mrs. Gonzalez as well.
- Mrs. Gonzalez congratulated Mr. Puccio for his election to the Perth Amboy High School Hall of Fame.
- Mr. Varela stated that recently a test was provided to a certain classification of workers with regards to professional development, but the information that was provided to them was wrong. He asked if someone could look into this to find out why they were given the wrong information and how can it be rectified so that they can take the test again.
- Mr. Ortiz asked a question with regards to pre-school education and why are we putting three and four year olds in the same classroom.
- Dr. Rodriguez stated that it started as a pilot program to see how they would do if we put them together. She will look at the data and report back.
- Mr. Ortiz stated that he had twins go through the preschool program a few years ago. Currently his four year old is nowhere near where his twins were at the same point. What they did at Cruz was a superb program. There were lots of parent and community events. We need to focus more on preschool. Mr. Ortiz then stated we need to hire someone who can verify the residency of attendees in our schools. He keeps hearing that we have a lot of people attending our preschool program who are not residents of Perth Amboy.
- Mr. Lebreault said it is worth it for the district to do this because the cost of this investigation could be offset by finding a few students who do not live in town. A motion was made by Mr. Ortiz and seconded by Mr. Varela to engage the services of a firm to do a residency search on our preschool students. Carried unanimously.
- Mr. Ortiz mentioned concerns he has regarding the McGinnis School regarding textbooks being out of date. Students should have their own books and not have to share.
- Dr. Rodriguez stated the books in questions are supplemental books. They are not the primary textbooks.
- Mr. Ortiz spoke about Flynn School and parent/teacher conferences. He was disappointed to hear that they don't put plays on at the Flynn School. Art used to have its own classroom, but now it moves from classroom to classroom because of the need for general classrooms for the students.
- Mr. Lebreault stated that we've spoken about the explosion in the Bilingual Program population. We need more room. We will begin to look for additional spaces for the students.
- Mr. Ortiz spoke about Delany Home property. He encouraged the community to go to the Housing Authority and let them know that we need the land for the high school. We should pay the fair market value for it, but the community needs to speak.
- Mr. Ortiz spoke about his children. He has twins, one of which has struggled with his education. He worries about some teachers and what their expectations are for their students. His son brought home two assignments, both with 100's but one of them was filled with lots of mistakes that were not corrected but points were not deducted. It puts the parents in a hard position. You need to set standards for the students where their expectations are realistic and attainable.
- Dr. Rodriguez said sometimes the intention of an assignment is not to correct mistakes, but to have the student express themselves the best way that they can. That's what Collins Writing does. It was invented specifically for our younger students.

16. New Business (continued)

- Dr. Rodriguez answered questions that were brought up at the last meeting. She asked Dr. Samaha to speak about Special Education. Dr. Samaha explained that the extended school year for students with disabilities is twenty days of school in the summer - four hours a day and it's taught by special education teachers. They also get related services whether it's OT/PT, counseling services or speech and this is to prevent a regression of their skills.
- Dr. Rodriguez stated that for four years the number of supervisors in the district was very low. We've brought some more back because we need to improve in all areas. We now have a Supervisor of Math K-8; Language Arts K-8; Gifted & Talented K-12; Technology K-12 and Department Chairs at the High School in four content areas.
- Mr. Varela stated that some people complain about district kids and our routine. Don't change the bus route because you will have problems. Bus Routes are killing us and the routes need to be done properly. Who does this because there are problems because no one is there. They get paid, but they are not performing their duties. He complained years ago about that and people said they looked but couldn't find it, but people stole money. He's been right every time.
- Mr. Ortiz spoke about the accountability of vending machines and he wants to see how this is being accounted for. He wants to see the money go in and out and deposits.
- Mr. Lebreault spoke about the Shullympics and stated that they are on PA Channel 34 on Comcast and Channel 37 on Fios.
- The Friends of the Library are sponsoring a fundraiser and any books from the student's summer list can be purchased from Barnes & Noble and 10% of the profit will go to the library.
- Mr. Varela stated that Mr. Jess is more knowledgeable in this area and asked him to make sure that this is okay. Mr. Jess said that he will work with the person who is organizing this fund raiser to make sure it's in line with the regulations.
- Mr. Lebreault stated that last year the High School, McGinnis School and Shull School PTO engaged the services of a vendor to sell flowers at each graduation. The would like to do the same thing again this year.
- A motion was made by Mr. Puccio and seconded by Mr. Bermudez to allow the High School, McGinnis School and Shull School PTO to partner with Commencement Flowers to sell flowers at their graduations. Carried unanimously.
- Mr. Lebreault stated that the Finance Committee met last month and spoke about doing an audit of food services to ensure that all was running properly. We have lots of practices to be transparent and we want a credible firm to do this. The Board Attorney is preparing an RFP for this service as this is different than the regular districtwide audit. Motion made by Mr. Ortiz, seconded by Mr. Puccio. Carried unanimously.

17. Open to the Public

- Public member #1 - stated that textbooks, unless the books were bought yesterday, are not supplemental and they're out of date books. Students do use the internet, but she spoke with the building administrator, guidance and the instructional leader who told her to down load the books to help enrich the student. The copyright of these books are 1999-2000. They need new text books.
- With all the shenanigans at McGinnis School she OPRA'd a copy of their SOP's, because she had no idea what they were. She did receive them, however they are not on letterhead, they are not signed and they have errors in it, both grammatical and punctuation. How can these be effective? We hope that this is a solution for our district and for all administration.
- With regards to curriculum writing, it wasn't updated in the last eight to nine years, but we can't blame all of that on the former Superintendent. It happened before and after.
- Public member #2 – thanked all the teachers and educators for all that they do.
- She would like to see a flow chart that shows the differences between administrators so that she can understand our hierarchy.

17. Open to the Public (continued)

- Public member #2 - On page 29, number 34 of the Agenda, how many kids took the PARCC, how many opted out, when will the results be in and how many out of school suspensions happened this year.
- She asked for the board to look into the Home Economics Lab while all the renovations are going on so that area could potentially be renovated as well.
- She asked what a Special Funded Director is?
- Public member #3 – May 26th has just been approved as a day off, however that is the day of the statewide biology exam. Are you aware of that?
- Congratulations to Dr. Roman for becoming the new Superintendent. She asked how much is his contract worth and how many years is it for?
- Could you please update the website for the district? It's a little out of touch.
- She stated that she currently attends Colonia High School and she proved many people wrong because she made the honor roll for the 3rd marking period with three A+ and one A. She thanked the Board for helping her to get there and for paying for her tuition. The money is better spent because of the people not having faith in her. She transformed into a super student. When the placement for next year comes up she asked the board to approve it because she loves it there and she is doing well. She thanked Mr. Jess for all that he does, especially work that he does that is not in his domain because he works very hard and he was very helpful to her and other people. She also thanked Mrs. McAdam for all her hard work. There is light at the end of the tunnel because of them.
- Public member #4 - President of the AFT – thanked the board for approving the contract. She also thanked Mr. Stern, Mr. Puccio and Mr. Jess as they handled this with professionalism, and there were heartfelt discussions, good honest debate and patience. We spent a lot of time to make sure all components were represented.
- Specifically to Mr. Ortiz, she stated that she's sick and tired of his ranting and raving on the items you don't understand. You are one of four people who can negotiate, but you hardly showed up to negotiation sessions. Your information is incorrect. The constituents were well represented. If they went to him, he should've gone to the AFT. She tried to operate with integrity and she takes offense to your comments. Mr. Stern, Mr. Puccio and Mr. Jess met with all and if someone was not represented they would've let us know.
- Public member #5 - is the Friends of the Library President. She's lived in Perth Amboy for 32 years, but not anymore. She's a graduate of Perth Amboy High School (1973), she's a teacher in Elizabeth and she promotes reading for all. She thanked the Board for their support in the library fund raiser. She wants the library to do more community work and she wants it to be a social evening club for our students.

Proclamation

Teacher Appreciation Week May 4th – 8th, 2015

Teacher Appreciation Day May 5, 2015

Whereas, teachers are the backbone of the Perth Amboy Public Schools, working daily to open children's minds to ideas, knowledge and dreams; and

Whereas, teachers spend countless hours preparing lessons, evaluating progress, counseling and coaching students to succeed academically; and

Whereas, teachers fill many roles, as listeners, role models, motivators, and mentors and continue to influence their students long into adulthood; and

Whereas, teachers prepare students to meet high standards of performance and be lifelong learners and laying the foundation for good citizenship; and

Proclamation
National School Nurses' Day
May 6, 2015

Whereas, all students have a right to have their health needs safely met while in the school setting; and

Whereas, day after day, the Perth Amboy Public Schools' nurses demonstrate outstanding skills consistent with the high standards of their profession, and

Whereas, school nurses have served a critical role in improving public health and in ensuring student's academic success; and

Whereas, school nurses are professional nurses that advance the well-being, academic success, and life-long achievements of all students by providing a critical safety net for our students; and

Whereas, school nurses act as a liaison to the school community, parents, and health care providers on behalf of children's health by promoting wellness and improving health outcomes for our students; and

Whereas, school nurses understand the link between health and learning and are in a position to make a positive difference for children every day, therefore be it

Dr. Vivian Rodriguez, Interim Superintendent
Perth Amboy Public Schools
178 Barracks St.
Perth Amboy, NJ 08861

Dear Dr. Rodriguez,

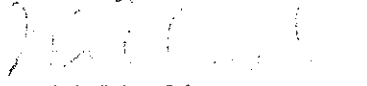

The City of Perth Amboy would like to ask for your support as we work to make our city a safer place to walk, bike and drive for residents of all ages. Beginning in March our consultants, partners and the City are undertaking studies that will plan future transportation improvements in Perth Amboy. A Circulation Element of our Master Plan will be led by BFI Planning. A Bicycle and Pedestrian Circulation Plan will be led by Urban Engineers. Finally, a School Travel Plans for select schools will be led by Keep Middlesex Moving, a county agency that specializes in the Safe Routes to School Program.

A School Travel Plan is shared by the municipality and school district. It documents how children currently get to school and identifies ways to make walking and biking safer and easier for children. The Safe Routes to School program at the NJ Department of Transportation funds Keep Middlesex Moving to create these plans, which make the city and the school district more competitive for implementation grants. We hope to work with the following schools: Dr. Henry Richardson School, McGinnis Middle School and Wilentz School. A working group made up of school, city, police and community organization representatives would guide the process.

Since so many children walk to school and are among the most vulnerable users of our streets, we want to make sure they are included in our Bicycle and Pedestrian Circulation Plan update. Our consultants will be collecting information such as school locations, enrollment, catchment areas and arrival/dismissal times. In order to do this effectively, we will need support and assistance from your staff. As a first step, we would appreciate it if you can provide a point of contact for the district for each of the three schools mentioned above.

We would appreciate any feedback you have and look forward to working with the school district on this incredibly valuable project. Please feel free to contact my office or Annie Hindenlang, Executive Director in the Office of Economic and Community Development to follow up on this matter. She can be reached at 732-826-0290 Ext. 4028 or ahindenlang@perthamboynj.org.

Sincerely,

Wilda Diaz, Mayor
