Comments regarding employees, administrators or students cannot be legally responded to by any member of the Board or administration.

Public member #1 – Spoke about the LLI job description and mentioned that we already have Reading Specialists in the district who should not have to apply for their positions. Do we have a phonics program? If you're purchasing one it's a violation of the contract since you did not include the teachers. We should invest money in people and not programs.

Public member #2 – Spoke about the ventilation in schools not services by HVAC. School #7, East Campus, South Campus, Peterson, DLS, PLP do not have adequate ventilation. Request that PEOSH come to the schools. Spoke about the systems report provided by KSI and the purchase of air purifiers which were not the recommended type.

Public member #3 – Spoke about the historic significance of the gate and façade at Waters Stadium. It was recommended and approved to renovate it. Will that be done?

Public member #4 – Spoke about preserving the archway at Waters Stadium. There is sentimental value to all those who passed through the gates. When will it be worked on?

Old Business

Mr. Iglesia asked for an update on the construction of the new high school. Mr. Jess offered that the site has been graded and a retaining wall at the south end of the site has been completed. The equipment on site is for site work and for the installation of the pilings which are the basis for the buildings foundation. It was mentioned that we will begin the strategic conversation of what our buildings will look like upon completion of the new high school and how programs will arrive to the new high school.

Mr. George asked for an update on the school opening. It was stated that principal’s reported a smooth opening and staff was happy with what they saw and the items they received. Students were also positive upon their return. The overarching star is our staff who showed up and welcomed our students back.

Mr. Anderson spoke about the KSI report on our school systems and stated that we’re operating at an adequate level. Encouraged people to visit our website and review the Teacher of the Year winners. It was stated that the KSI report was provided to the board and we’ll be looking at all the pieces and taking the advice of our professionals.

Ms. Marquez-Villafane asked how many students have returned to school and are still remote and can that information also be provided for students with special needs? The information will be provided.

Ms. Marquez-Villafane asked about what we’re doing to capture the students who have fallen behind, will students be left back and are their extra programs in place for students with special needs? We’re hiring more teachers as a resource to move student achievement forward. The new job descriptions will also be a key element in helping with learning loss. Regarding students being left back, we’re waiting for information from the curriculum office, however we do follow the Board policy on grading, retention and promotion. All evaluations for our students with special needs are being done on their 3-year cycle which allows us to place the student appropriately. We also have a lot of extended school year programs and the approval of Rutgers this evening will provide much needed services for our students.

Ms. Marquez-Villafane thanked the teachers and nurses for all they do as it’s Teacher Appreciation Week and Nurse Appreciation Day.

Ms. Marquesz-Villafane asked about the status of negotiations. Mrs. Machado responded that she has regular contact with the AFT attorney and that next week she will provide the AFT attorney with dates to meet. Scattergrams have been sent to the AFT attorney and we’re waiting for feedback.

Approval of the following Job Descriptions: **(Specified in Attachment)**

- Leveled Literacy Instruction Teacher
- Accounts Payable Clerk

Mr. Anderson asked if this position will supplant the Reading Specialist and would current Reading Specialists have to apply for this position? If they don’t get it would the teacher be moved into the classroom and would non-tenured teachers lose their positions? It was stated that teachers are already in the classrooms and that everyone will be placed appropriately. People should apply for these positions.

New Business (continued)

Mr. Puccio mentioned that it is cancer awareness month and people should consider donating to cancer research. He wished everyone a happy mother’s day.

Ms. Vazquez acknowledged the board for approving the FY22 school calendar last month. There are districts who have removed all snow days, but we have not and that’s a good thing.

Mr. Iglesia thanked the teachers for the contribution that they made to society.

Mr. Iglesia mentioned that he attended the city council meeting as a taxpayer and the council president asked about using the high school auditorium to hold a public forum on marijuana.

It was discussed that our facilities can be used for the city public forum and the June and November elections as long as all required paperwork is completed and CDC protocols are adhered to.
